

The Premier Guest Ranch Experience Since 1946

C LAZY U RANCH RECOGNIZED IN 100 BEST FAMILY RESORTS IN NORTH AMERICA

C Lazy U Ranch is proud to announce its inclusion in the eighth edition of 100 Best Family Resorts in North America, a guidebook written by family travel experts Janet Tice and Jane Wilford. Published by Globe Pequot in January 2006, the book features detailed information about 100 quality family-oriented resorts in the U.S. and Canada. The writers include unique features about each resort—accommodations; activities; contact information, Web sites; reservation and payment options, and minimum stay requirements. They even share tips for the best methods for traveling with children.

Here's an excerpt from what the writers wrote about C Lazy U:

Experienced wranglers match you with just the right horse to call your own during a vacation stay, and guide you on trail rides through the gorgeous Colorado high country. Beautiful vistas stretch in every direction, with mountains everywhere. Expect to meet locals on trail rides—moose, coyotes, owls and even mountain lions share the area.

Tice and Wilford use the book's preface to explain their use of the word "Best"— what they believe it does and does not mean, and that to them the word "is a curious adjective, one that is entirely subjective."

The Premier Guest Ranch Experience Since 1946

C LAZY U RANCH RECOGNIZED IN 100 BEST FAMILY RESORTS IN NORTH AMERICA

Best is not necessarily the fanciest, the biggest, or the most expensive. Best is not always the sleekest, the poshest, or the newest. Best, in the context of this book, is what is best for families. Best is a variety of setting and atmosphere. Best is variety in recreational interests and prices. Best is a variety in geographical location. A broad selection allows you to have choices whether you want to travel far or near.

We searched for the most extensive children's programs, yet balanced this with an interest in presenting a good cross section of North America. If we have overlooked your favorite, let us know," wrote Tice and Wilford.
