In its annual rankings for the best hotels across the country, U.S. News & World Report has named three Colorado hotels in the top 100.

The Broadmoor in Colorado Springs ranked No. 1 for Colorado and No. 19 in the country on the newly released Best Hotels list. U.S. News & World Report remarked on the hotel's different bars, restaurants, cafes and lounges, in addition to its many other amenities that include pools, pickleball and tennis courts and event space.

Behind The Broadmoor, The Little Nell in Aspen ranked No. 2 in Colorado and No. 22 across the country, with the publication noting the hotel's grand amenities and ski-in/ski-out location.

“While the mountain is the main event, après-ski opportunities abound at this cozy Colorado hotel. You can relax with a massage at the spa, take a dip in the outdoor heated pool and hot tub, or indulge in a comforting meal at either of the two on-site establishments,” the publication wrote.
